United States Bankruptcy Court Northern District of California San Francisco Division

Reorganized Debtors' Fortieth Omnibus Objection to Claims (no passthrough / passthrough claims)

Bankruptcy Case No. 19-30088 (DM) Chapter 11

Richard Wagner  
6 Grand View Terrace  
San Francisco, CA 94114  
415 864 1284  
Debtor 1972

I have owned and resided and maintained this property since 1972.

I respectfully ask the court to NOT sustain the Omnibus Objection to expunge my claim on the basis of my original claim and information presented in this filing on my own behalf .

To the best of my knowledge I present the facts under penalty of perjury.

Summer of 2018 PG &E did work on their equipment in an underground box on my property, it necessitated tearing up my sidewalk. Case #6883478860

When the first rain storms occurred in December the front of my house, my entryway and my garage became flooded. I called 311 for direction as I was concerned about sewage backing up into these areas.

As directed I spoke with Fred Roach sewer department who said they would come to the property in question. Case #9984773

I had to call several times before any action was taken. Cases were opened each time I called. #9958444, 9976544, 10405928, 10458255

January 28, 2019 Kevin from PUC called and told me they were out several times and flushed the lines and it was clear. Kevin asked me if work had been done on the sidewalk and I said yes P G & E. He thought possibly cement had gotten into the lines.

Finally on January 31, 2019 Dante from the sewer department told me pipes might be clogged but no matter what it would all get fixed within 3 weeks.

The supervisor Frank from PUC on 2/25/2019 informed me a pipe got crushed as a result of dirt being compacted when P G & E put in the new sidewalk.

I spoke with Susan from P G & E claims department on 2/27/2019 in a telephone conversation and she advised to mitigate damages and to than file a claim which I did and is now in dispute.

I called a plumber, Cabrillo who did the repair work and submitted the bill. They advised me that indeed the pipe where P G & E had worked and paved over had been crushed and caused the back up of water into my entryway, the front of my house and my garage.

Pictures of the crushed pipe and flooded areas were submitted along with the plumbers bill with the original claim fro \$16,300.31.

Based on what I was told by the PUC, sewer department and my plumber, I submitted this claim and look for reimbursement of the damage caused by P G & E.

Thank you for this opportunity to present this information.

Richard Wagner, Nov 9, 2020
